18th November 2020

Dear Parents and Guardians,

Some teachers are teaching online lessons to pupils who are self-isolating at home or in their boarding house. I have attached our guidelines for the use of pupil webcams on Teams. Their use is not compulsory but they may be used in some online lessons.

Please note the guidance on appropriate dress and behaviour. Pupils are not permitted to take screenshots or recordings at any time.

Our broader advice if your son or daughter is asked to self-isolate is:

- We will send work home in the first instance via email and Show My Homework
- There will be some online lessons where possible
- Older students: Don't wait for work to be set - Take responsibility and get started
- Keep in close touch with a "buddy" in your class
- Stick to the daily timetable and do your best to stay cheerful!

Yours faithfully,

Dr C J Pyle
Head
