January 2021

Dear Parents and pupils,

A- level subject choice for September 2021

In the Sixth Form we offer A-levels or the Cambridge International Pre-University qualifications. These are designed primarily for entry to university, although they are widely accepted as general qualifications for a host of jobs, apprenticeships and training schemes as well. At LRGS we try to allow pupils to do the combination of subjects of their choosing.

Students will be asked to choose three subjects to study at A-level but four will still be available for some students. It is generally advisable to choose the subjects that interest you the most, and that you most enjoy working on, but you should also consider the way your choices combine, and the future implications.

Subjects Available

Choose from: Ancient Greek, Art, Biology, Business and Management, Chemistry, Computer Science, Design and Technology, Drama and Theatre, Economics, English Literature, French, Further Mathematics (only available as a 4th A-level) Geography, German, History, Latin, Mathematics, Music, Philosophy, Photography, Physical Education, Physics, Spanish.

Please complete the A level option form [via this link](#) and submit no later than Friday 29th September. For students expecting to achieve 5 or more grade 8s at GCSE who would like to do a fourth A-level subject please choose an additional subject saying why you would like to study this subject.

Yours faithfully,

Mr M I Chambers
Deputy Head – Director of Studies
