25th March 2021

Dear Lower Sixth,

We have organised two evening presentations to give you and your parents / guardians a clear insight into the key information needed when making a university application.

If you are intending to go to university, we strongly recommend you attend at least one and ideally both. Please note that the Lancaster one has been brought forward from its previously advertised date to avoid a clash with your assessment week.

Please save this email somewhere safe and share with your parents / guardians.
