

Dear Parents,

Friday 7th May 2021

Today marks the final day of lessons for Year 11 and the Upper Sixth before their second set of assessments begin on Monday. Well done to all of them – and very best wishes to their families too in these final weeks.

It is good to be able to ease a few of the restrictions in school. We are pleased to have more lessons in science labs; more clubs, sports and boarding activities; and to broaden our lunchtime catering provision. The direction is positive!

Head of School team

Congratulations to **Tom Duke** (L6SM) who has been appointed as Head of School, and to our Deputy Heads of School for 2021-22: **Clement Mok** (L6HJC Ashton House), **Travis Taylor** (L6HJC) and **Poppy Watson** (L6APS School House). Thank you to all of the excellent applicants for prefect positions.

We are very grateful to our outgoing prefect team and especially to **Adam Parkinson** (Head of School), **Miles Davis**, **Rebecca Denver** and **Ben Schofield**. They have been outstanding ambassadors for the school, and their leadership has shone through this year's unusual circumstances. Thank you!

Pupil achievements

We have celebrated some outstanding achievements in recent weeks. Congratulations to **Harry Wild** (U6RTM) who achieved a Gold in the Physics Olympiad Round 2 and placed in the top 15 students in the country. He has been selected to represent Great Britain in the Olympiad competition against other European countries.

We are delighted that ten students have achieved LAMDA awards in Drama at Silver or Gold level – including Gold distinctions for **Joshua Stanway**, **Thomas Smith**, **Frazer Muir** and **Mia Washington**.

Congratulations to Sixth Form **Business Management** students who have qualified for the North West Young Enterprise finals. Team "Learn2Do" won Lancashire Company of the Year for their affordable science resources. "Nova" won an award for their online Biology programme. www.lrgs.org.uk/youngenterprise

Free webinars for parents

Well-being *Eton Centre for Innovation and Research in Learning: Monday 10th May 4pm-5pm*

How can schools place greater emphasis on **well-being** and flourishing? This is a central focus of our LRGS Values programme. Register here: <https://www.eventbrite.co.uk/e/whats-next-for-wellbeing-tickets-152891549741>

Memory Skills *Elevate: Tuesday 11th May 6pm-7pm*

The next Elevate webinar is **Memory Skills** and is next Tuesday. They are going to be sharing different memory techniques that students can use for faster, long-lasting memorisation – so a perfect session for parents whose children have end of year exams after half term! Register here: <https://get.elevatecoaching.info/uk/register>

With best wishes especially to the Upper Sixth and Year 11 ~ Dr C.J. Pyle
