Mr A M Talks (Head of Geography)

12th October 2021

Dear Parent/Guardian,

Year 9 Geography Fieldtrip to Heysham 2021

I am writing to inform you that the Geography Department has organised fieldwork for geographers in the Year 9 to Heysham. It will link to our study of issues in the oceans and involve learning some geographical fieldwork skills.

Year 9 Geography Fieldtrip to Heysham

Week A

Tuesday 19th October 09.10 - 13.30 9G/9T

Wednesday 20th October 09.10 - 13.30 9S/9R

Thursday 21st October 09.10-13.30 9B/9L

This trip involves travel by coach and students should wear **non-uniform** as indicated below.

It is important that boys come suitably clothed as it is impossible to guarantee fine weather. This should include sensible footwear (we will be walking some distance), warm clothing and a waterproof jacket. Each pupil will need to bring a pencil to write with, a file or a clip-board to provide a surface to write on. It is always wise to bring a clear plastic bag to protect written work from the rain. A packed lunch is necessary and it might be a good idea to bring a camera/phone to take pictures.

To help the Geography Department cover the cost of transport a donation of £5.00 per student would be appreciated. Please pay by wise pay. If payment is an issue please let me know. I would be grateful if you could pay via wise pay by Friday 15th October.

If there are any updates regarding medical conditions that you have not informed the school about please can you email me?

If you require additional information about the day's activities please do not hesitate to contact me or your son's Geography teacher.

With thanks for your attention,

Mr A. M. Talks (Head of Geography)

P.S. If your son would like to meet us at the café in Half Moon Bay at the start of the day please email me (atalks@lrgs.org.uk)
