

# WHERE TO STUDY

Below are the top five universities/companies for the titled courses.  
These are according to the 2020 University League tables, not necessarily for the individual courses.

Look into a few and see what you think.

## DESIGN

A wide range of subjects that span a diverse set of skills. If you enjoyed the designing aspect of the course this may be for you. Eg. Product Design, Architecture, and Robotics.

## ENGINEERING

If you loved the theory or the practical sections of the subject so far you will find a range of subjects to choose from here. Eg. Mechanical Engineering, Nuclear, and Aerospace.

## APPRENTICESHIPS

Perhaps you preferred the practical elements of the course, and specifically one area. Crafts do look at the theory but have a strong focus on the outcome. Eg. Carpentry, Jewellery, and Blacksmith.

# DESIGN

## PRODUCT DESIGN

Loughborough University  
University of Edinburgh  
University of Leeds  
University of Glasgow  
University of Nottingham

## INDUSTRIAL DESIGN

Loughborough University  
University of Liverpool  
University of Creative Arts  
University of Arts London  
Northumbria University, Newcastle

## ARCHITECTURE

University of Cambridge  
Loughborough University  
Lancaster University  
University of Bath  
University College London (UCL)

## AUTOMOTIVE

Loughborough University  
University of Bath  
University of Warwick  
University of Birmingham  
University of Leeds

## ROBOTICS

Imperial College London  
Loughborough University  
University of Bath  
University of Leeds  
University of Sheffield

## ADVERTISING

Lancaster University  
University for Creative Arts  
University of Lincoln  
University of Arts London  
Northumbria University, Newcastle

## GRAPHIC DESIGN

Loughborough University  
University of Edinburgh  
University of Dundee  
University for the Creative Arts  
Nottingham Trent University

## ILLUSTRATION

Loughborough University  
University of Bath  
University of Warwick  
University of Birmingham  
University of Leeds

# ENGINEERING

## MECHANICAL

University of Oxford  
Imperial College London  
Loughborough University  
Durham University  
Lancaster University

## ELECTRICAL

University of Oxford  
Imperial College London  
Loughborough University  
Durham University  
Lancaster University

## AEROSPACE

Imperial College London  
Loughborough University  
Durham University  
University of Bath  
University of Birmingham

## MOTOSPORT

Oxford Brookes University  
University of Central Lancashire  
Stafford University  
University of Hertfordshire  
University of Wales Trinity Saint

## MANAGEMENT

Loughborough University  
University of Southampton  
Aston University, Birmingham  
Ulster University  
University of Greenwich

## NUCLEAR

Imperial College London  
Lancaster University  
University of Birmingham  
University of Leeds

## CIVIL

University of Oxford  
Imperial College London  
Loughborough University  
Durham University  
University of Bath

## CAD

University of Winchester  
Glasgow School of Art  
Forth Valley College  
South West College

# APPRENTICESHIPS

## ENGINEERING

BAE  
Mouchel  
Kier (Construction)  
Dyson

## LAND

Jaguar-Land Rover  
Rolls Royce  
Bentley  
F1 Teams  
Leyland Trucks

## SKY

British Aerospace  
Airbus  
Boeing  
RAF

## ENERGY

EDF  
National Grid

## WHERE TO LOOK

.GOV hub  
Local Government websites  
Recruitment Websites  
Direct with the employer

## STILL NOT SURE?

We have another PDF on the website where you can see some of our past pupils and what they studied. Some will have added information about their university and the course they took.

Have a look and see if that helps you understand more about your choices.
