

Have a go at entering the Young Geographer of the YEAR 2023

It involves creating an A3 poster about A blueprint for the future

Details are here: <https://www.rgs.org/schools/competitions/young-geographer-of-the-year/>

What is your plan for our planet?

Our World is changing. The big geographical issues of today need to be addressed now to protect the future of our planet and the people who live on it.

The Society invites you to create your own blueprint for the future. We are looking for innovative ideas to address problems in areas such as food production and supply, energy and sustainability, water security, resources, population growth, economic crisis, transport, travel, urbanisation, risk management, trade, environmental management, biodiversity and more.

Your ideas and recommendations should be forward-thinking, taking into consideration the depth of the problems and the reasons behind them, as well as what can be done to mitigate them. Your blueprint for the future could be a design for an eco-city, or a plan to produce and distribute enough food to feed the world. It could be a look at the future of energy and how we can produce enough energy sustainably without harming the environment, or a plan to revolutionise travel and transport in your country or beyond. Your plan must be realistic, but we welcome ideas for futuristic strategies and new technologies.

Using your blueprint for the future, we want to see the problems of today solved by the geographers of tomorrow.

A good idea might come from these websites:

I would suggest you offer some guidance and ask the students to look at such sites as "People fixing the world" <https://www.bbc.co.uk/programmes/p04grdbc/episodes/player>

BBC World Service - People Fixing the World - Available now

Bot also maybe: <https://earthshotprize.org/>

The Earthshot Prize

The Earthshot Prize is the most prestigious global environment prize in history, designed to incentivise change and help repair our planet over the next ten years.

earthshotprize.org

A plan is necessary.

A Blueprint for the Future

Detail the issue you are looking at

Remember the requirement and look at the advice

Detail your plan for addressing the issue

Give examples of where such attempts have made a difference

Key Stage 3 criteria: Provide your plan for at least two or more geographical issues, using annotated images, maps or diagrams.

Key Stage 4 criteria: Provide your plan for at least three or more geographical issues, using annotated images, maps, diagrams and data.

Here is a winner from 2022 KS3 on where How and why you might travel?

Mt Fuji 富士山

The Fuji is situated on the border between Yamaguchi and Shizuoka Prefecture in Japan. It is the highest mountain in Japan, with a height of 3776 metres above sea level. The mountain is a shield volcano, which means it has a central crater. The mountain is made of volcanic ash and is a part of the Fuji National Park. The mountain is a popular tourist destination and is one of the Seven Summits. The mountain is a part of the Japanese Cultural Heritage and is a World Heritage Site. The mountain is a part of the Japanese Cultural Heritage and is a World Heritage Site.

Travel Information: The nearest airport is Haneda International Airport. The nearest train station is Shinjuku Station. The nearest bus station is Shinjuku Bus Station. The nearest cable car station is Kawaguchi Cable Car Station. The nearest ropeway station is Kawaguchi Ropeway Station. The nearest hiking trail is the Kawaguchi Ropeway Station. The nearest hiking trail is the Kawaguchi Ropeway Station.

Erin McGurk - Atrincham Grammar School For Girls

Where, how and why

The Loch Lomond and the Trossachs National Park is a beautiful area in Scotland. It is a Special Area of Natural Beauty and is a World Heritage Site. The park is a part of the Scottish Natural Heritage and is a World Heritage Site. The park is a part of the Scottish Natural Heritage and is a World Heritage Site.

How?

The park is a part of the Scottish Natural Heritage and is a World Heritage Site. The park is a part of the Scottish Natural Heritage and is a World Heritage Site. The park is a part of the Scottish Natural Heritage and is a World Heritage Site.
