Agecroft Race Report 2026

In the first division we had 4 crews racing, all in singles. Fastest of the day was James Proctor with a 9:57.9, closely followed by Wilbur Rose with a 9:58.3. A strong performance from Adam with a 10.04.8 and despite a swim in the basin from an gate left open, Alex Jones persevered and got back into his boat and made it to the start line in time for the race rounding out division 1 with a 10:40.7.

In the second division we saw a strong performance from the Gallaghers in a pair, with Hyrum shelving coaching duties to brave the worsening weather, gaining a time of 10:35.0. 2 J17 2x and 2 J16 2x doubles raced in division 2 with the Howard crew achieving an 11:12.3 and the Smith crew a 10:38.5. The Birkbeck crew achieved a 10:20.3 and the Raymond crew a 10:19.2, all impressive performances on the course with sudden crosswinds gusting over 40mph at times.

Division 3 saw a J15 4x+ and J16 4X+, with 10:14.4 and 9:03.7 respectively. The school 8+ was unable to make this event, so a J18 4+ was fielded instead, clocking a 9:05.6. A fantastic effort from all crews in challenging conditions with the course getting shorter each division as the weather worsened.
