Cricket @ LRGS

The start of this year's cricket season at LRGS has been an amazing success. All the teams from Y7 to the 1st team have been playing extremely well as you can see from the scores of the matches so far. Well done to all the players and keep up the good work!

Harry Mason

A new part of the LRGS News will be the teacher interview.

This week's lucky teacher is Mr. G Mason

Mr. Mason has told the LRGS News that this year's cricket season has been a phenomenal success with most of the 35 LRGS cricketers representing either district or county in many competitions. Mr. Mason has also told us that the reasons for the success of this year's cricket is down to the amazing commitment of the staff, cricketers, winter nets, their own clubs and the support that they receive from their parents. There have already been lots of wins during this year's season which shows how well this year's cricket season is going. Mr. Mason has also said that he is extremely pleased with how this season is going and that the real test of how strong this year's cricketers are will be when the cricketers head off to play a game against Manchester Grammar School. There are also lots of exciting cricket related events up coming such as The Lancashire Cricket Cup and the first team is scheduled to depart to the UAE for an amazing cricket tour. Mr Mason would also like to thank all the cricket coaches:

Mr. Ledward and Mr. Burns who coach the U12 team

Mr. Clarke and Mr. Loney who coach the U13 team

Mr. Rafferty and Mr. Atkinson who coach the U14 team

Mr. Whitehouse, Mr. Ralston and Mr. Kyle who coach the U15 team

Mr. Chambers who coaches the 2nd team

and Mr. Hall and Mr. Swarbrick who coach the 3rd team.

Mr. Mason would also like to say that last year the LRGS first team won the RGS cricket festival and good luck to them for the upcoming RGS cricket festival in Worcester.

Teacher Interview

Mr G Mason

Thomas Prince

Old School House is one of the oldest building on the school site as it was built during the 19th century. The building has been in a bad condition for the last 5 years. The building used to be home to boarding at LRGS but it moved out 10 years ago.

Old School house is a grade 2 listed building which means that it has to be looked after. As well as the school's new science labs, this project is one of two things that have taken place with a £2 million government grant. As well as the LRGS History department, as of next year REP will be moving to the Memorial Library, Room4, Room5 and Room6; the small section of the Mathematics department that is currently situated in the International building will be moving to the Swainson Building and the entire English department will be moving to the International Building. The work undergone at Old School House has included new windows, new heating, new sixth form study space, new sixth form café and new classrooms and equipment for the History department. Another benefit of this project is that from now on History teachers will be able to have their own classrooms. But the main benefit of this project will be to enable all the students at LRGS to continue learning for many hundred years to come.

Old School House

June in history

- D-Day happens (June 6th 1944)
- The first sustained flight happens in a hot air balloon (June 5th 1783)
- Britain signs 99 year long lease for Hong Kong (June 9th 1898)
- Marilyn Monroe is born (June 1st 1926)

A wide-angle photograph of a beach at sunset. The sun is low on the horizon, creating a bright, hazy glow. The sand is dark and textured, with several footprints visible, leading from the foreground towards the water. The water is calm, reflecting the light from the sun.

**The more you take the more you
leave behind.**

What am I ?

Riddle time

Answer: footsteps

Currently, in the A,B,C,D,E and F athletics teams (Year 7), there is a competition taking place. The way to gain points is to have a good personal best at all of the field events and a good personal best for all of the track events. Your overall time is then taken away from your overall distance and the aim is to be left with a large number.

Micah Walmsley & Finn Nicholson

Athletics @ LRGS

Cricket is thriving at LRGS

Cricket at Lancaster Royal Grammar School is flourishing with thirty five boys representing not only the school but also their district and county.

LRGS is one of The Cricketer magazines 'Top 100 Schools for Cricket' and also won the most recent Royal Grammar School Cricket Festival.

The U12A team will play 11 fixtures during the summer term against mainly independent schools from around the North West and compete annually in the Lancashire Schools knock-out cup. The U12Bs and C's usually play eight competitive matches in a season and are also entered in the Lancaster District local cup competition, where they compete against A teams from local schools. This pattern of matches is repeated across the Under 13, U14 and U15 age groups. The A teams regularly reach the Lancashire Schools Cup Finals. We run three senior teams, with the First XI and Second XI playing ever- stronger opponents across the North of England. The fixture list has expanded, with new games outside the North West Region against RGS Newcastle and Woodhouse Grove. The season ends with a week of intense competition playing five other Royal Grammar Schools in the annual RGS Festival.

Mr G Mason, Head of Cricket at LRGS has said: "We are exceptionally lucky and privileged to have such a large number of top cricketers at LRGS and on the elite representative pathway. This is something we are keen to celebrate and encourage at the school, as we continue to play against the very best cricket schools in the North of England. Last year our 1st XI won the prestigious Royal Grammar School Trophy, beating RGS High Wycombe and RGS Guildford in the process. We are also very keen to allow boys the opportunity to play cricket, even if they have never played before coming to LRGS. This summer we will also have over 25 B and C team games, allowing many boys the chance to represent the school at cricket for the very first time."

Plans are underway for a cricket tour to Dubai and the UAE in February 2020. Fifteen boys will experience playing cricket on the subcontinent in a variety of formats – day and night games under floodlights, T20 and one day matches alongside a plethora of excursions and training sessions, one of which will be at the ICC Academy.

Plot

Twelfth Night is written by William Shakespeare and is about a girl called Viola. She was on a boat when it sank and was rescued by a sea captain and was brought to Illyria. She dresses up as a boy so she can work for Duke Orsino as a messenger to Olivia (a rich woman whose brothers died). All three of them end up making a love triangle and it all goes wrong.

My Opinions

I thought this was a hilarious play even though they used old Shakespearian language. It was extremely well acted and I would rate this 8.5/10.

Twelfth Night

Play review

Oliver Brett-Smith

The Premier League Column

The Premier League was a hard fought battle this year, with Manchester City narrowly winning with 98 points, while their rivals for this season, Liverpool edged out a remarkable 97 points, the most any Premier League club has ever attained without ever winning it. Meanwhile, about 25-27 points behind, Chelsea earned 72 points, as Tottenham finished 1 point behind on 71. This at least ensured a guarantee of Champion's League Football.

Arsenal ended the season with 71 points. However, Man U completed what seemed to be a dismal season with 66, while Premiership new boys Wolves completed a respectable 57 points. Meanwhile relegated teams were Cardiff City, with 34 points, Fullham (even after spending £100 million in last year's summer transfer windows) with 26 and finally, Huddersfield with a sad (not sweet) 16. Meanwhile on the brighter side of things, Norwich City gained promotion to the Premier League after 5 years with a stunning 94 points, with Sheffield United also gaining automatic promotion and Aston Villa following suit through the Championship Play-Off Finals.

For the first time ever, the Champions League and the Europa League are also having all-English finals, which will make for 2 interesting, if slightly hostile, games. Liverpool FC and Tottenham Hotspurs are facing each other in the Champions League Final, and Arsenal FC are against Chelsea.

Meanwhile, in other countries, Juventus, Barcelona, Paris Saint-Germain, Bayern Munich and Ajax all won their respective leagues (surprise, surprise!). Meanwhile, the top scorers in the Premier League were Pierre Emerick-Aubameyang (Arsenal), Mohammed Salah (Liverpool) and Sadio Mane (Liverpool), all with 22 goals, while Eden Hazard had most assists (15), edging out over his Bournemouth rival Ryan Fraser.

And in European competitions, English clubs made history, with both European competitions having all- English finals. In. the Europa League, Arsenal (sadly!) were drubbed 4-1 by Chelsea, and Liverpool earned their 6th Champion's League title by defeating Tottenham 2-0 in an awful match.

Top 20 Best Domestic Football Teams

- 1- Liverpool F.C. (England)
- 2- Manchester City (England)
- 3- F.C. Barcelona (Spain)
- 4- F.C. Bayern Munich (Germany)
- 5- Ajax Amsterdam (The Netherlands)
- 6- Atletico Madrid (Spain)
- 7- Juventus (Italy)
- 8- Chelsea F.C. (England)
- 9- Paris Saint-Germain (France)
- 10- Palmeiras (Brazil)
- 11- F.C. Porto (Portugal)
- 12- Benfica (Portugal)
- 13- SSC Napoli (Italy)
- 14- Borussia Dortmund (Germany)
- 15- Shakhtar Donetsk (Ukraine)
- 16- Atlanta (Italy)
- 17- Tottenham Hotspur (England)
- 18- RasenBallsport Leipzig (Germany)
- 19- Real Madrid (Spain)
- 20- Valencia (Spain)

This book isn't Safe is the book written by the Youtuber whose channel was reviewed in the last issue of the LRGS News. This book contains some of Mr Furze's great inventions which you can try at home. It also includes many fun facts about Colin and all about his world records and how he makes his YouTube videos.

Make sure to check out this book as it is a great read for during the holidays or a weekend so that you can try making some of the inventions in the book as you read it!

This Book Isn't Safe

9/10

YouTube Review

Mr Beast

Mr. Beast is a youtuber with over 16 million subscribers (at time of writing.) He does crazy challenges such as last to leave the circle wins \$100,000 or 24 hours in the desert. He does these maniac things with his friends or other youtubers. He also often does campaigns for PewDiePie in his race for #1 spot against T-Series. He has done this by going to the Superbowl (for example) and him and his friends writing large on their T-shirts 'SUB TO PEWDIEPIE'. Mr Beast's channel is suitable for ages 11 and up and I rate this channel 8/10.

Finn Nicholson

Film Review

Fisherman's Friends

The film Fisherman's Friends is based on a true story. It is about a group of elderly fishermen who always sing in their village on the coast of Wales and they are well known among the local villagers and fishermen. One day, four music producers see the group and one producer is tricked into offering this group a music deal. When he approaches the group, his friends run off and leave him to try and make this small group of elderly singers a hit success. I would rate this film 10/10!
