Dear Sir/Madam,

IMMUNISATIONS IN SECONDARY SCHOOLS

The School Vaccination programme for 2019/20 will be offering **ALL** pupils in Year 8 the Human Papillomavirus (HPV), all girls in Year 9 will be receiving their 2nd HPV if consent has been received and **ALL** pupils in Year 9 the Diptheria, Tetanus & Polio (DTP) and Meningitis Men ACWY (Men ACWY) vaccinations.

A member of the team will be contacting you shortly to arrange the Year 8 HPV vaccinations which we hope to commence in the New Year and the Year 9 DTP & Men ACWY vaccinations to commence after the February half term. Vaccination sessions for the Year 9 2nd HPV vaccinations should have already been arranged commencing in early September, if these have not been arranged dates will be offered when the other sessions are arranged.

In the meantime we would also be grateful if you could email a copy of the new class lists for pupils in year 8, 9 & 10 to caroline.whiteford@nhs.net (to include forename, surname, date of birth, gender and tutor group) at your earliest convenience to enable us to ensure we capture all pupils and the details are accurately recorded.

Yours faithfully

Caroline Whiteford

Vaccination & Immunisation Admin Co-ordinator
School Vaccination Team

Chairman: Pearse Butler

Chief Executive: Kevin McGee (Interim)

RESEARCH MATTERS AND SAVES LIVES - TODAY'S RESEARCH IS TOMORROW'S CARE

Blackpool Teaching Hospitals is a Centre of Clinical and Research Excellence providing quality up to date care. We are actively involved in undertaking research to improve treatment of our patients. A member of the healthcare team may discuss current clinical trials with you.
