

LRGS U13B 85 v 5 Manchester GS U13B

LRGS travelled to MGS and started sluggishly: perhaps taking time to shake off the journey and some weeks without much rugby. However, they gradually increased the tempo and intensity to breach the visitors defence. As the game wore on LRGS began to totally dominate and the home side were allowed to introduce more players: by the end the 13 LRGS players were playing against 18 opposition players!

Standout performers were undoubtedly Jackman and Kassim with 5 excellent tries each and they were a constant threat with ball in hand. Also worthy of mention were Boak and Parkinson ... the latter having the skill and vision to kick in behind the wingers of the MGS massed defence, to allow the LRGS backs the space to score numerous tries and emerge with such a comprehensive victory.
