Dear Parents/Carer

I am an independent Careers Advisor working in Lancaster Royal Grammar School delivering information, advice and guidance as well as one-to-one interviews across the school. In addition, I support the Careers Education Programme through the school and as part of the provision I would like to offer your son the opportunity to take part in the Morrisby Online Careers Assessment Test as an additional careers guidance decision making tool.

The Morrisby Online Careers Guidance Tool helps students to identify their potential career paths and make informed decisions about their future and study options. Participating students will take a 75 minute online assessment and questionnaire which measures a variety of elements including numerical, verbal and abstract assessments, career interests, work attitudes, spatial awareness, personality traits, talents and motivations. Once the assessment is complete, students will have access to a personally tailored career and education suggestions profile, plus a wealth of careers related resources, all presented on a dynamic and interactive website. This could be a helpful tool with regards to exploration of career ideas, subject choices, qualifications routes, higher education and alternatives to university.

I am planning on running sessions in October 2018 and February 2019 (dates to be confirmed).

The cost of the subscription is £30.00 which would be funded by parents. Payments will be needed at least two weeks before the test takes place. The test is completed in school and results released the day after. A one to one guidance interview is offered after the results and an Action Plan drawn up.
